- Provided an overview of the Council Meeting actions and discussions from the April 13th Work Session and the April 15th Regular Meeting.
- Police Department (TPD):
 - Lt. Troxel and Beth Hope from Tides of Change attended the Trauma Informed Response Grant Training. The Police Department in partnership with Tides of Change are reviewing this opportunity further. Our Tillamook Police Department is committed to providing the best, up to date training to our Team.
 - SRO Olson, Lt. Troxel and Tillamook High School Student Kylie Burden, attended the Kiwanis Club Meeting to discuss the *Every 15 Minutes Program*. This educational program is intended for Juniors and Seniors at Tillamook High School. During this program the dangers of impaired and distracted driving is discussed in the classroom, at a mock traffic crash and followed up the next day with an assembly.
 - SRO Olson and Lt. Troxel attended the monthly Major Crimes Team Meeting. This meeting brings together all Law Enforcement in Tillamook County to discuss and staff criminal cases. The DA's Office attends these meetings also. This time for direct collaboration is priceless. Thank you to all involved in this important work.
 - Lt. Troxel attended the City Council workshop where goals and visioning discussions occurred. The Tillamook Police Department is excited to see the final product from the Council.
- Public Works (PW):
 - The City of Tillamook is thrilled to host its annual Touch-a-Truck event on Tuesday, May 7th, from 4:00 PM to 6:00 PM. The City has hosted this since May of 2021. This unique, family-friendly event, held in celebration of Public Service Recognition Week, allows children to explore a variety of public service vehicles up close. We invite you to join us for this event, located on Laurel Avenue between 1st and 3rd Streets in front of City Hall and the County Courthouse!
 - Our Streets Division will be sweeping and filling potholes this week. They will also be weed eating and cleaning up our bioswales downtown.
 - Door hanger late fees for delinquent utility bills will be going out today, with shuts off occurring Wednesday.
 - A reminder that since 1970, residents have been responsible for maintaining their private sewer lateral lines and fixing them when problems occur. Residents have 365 days (one

year), with possible extensions available for qualifying residents up to an additional six months (180 days) to test and fix their systems if they need repaired.

- Ordinance violation notices for failed or broken sewer lateral lines are slowly going out to residents with failed sewer laterals. The City will be working on this a little at a time. The goal is compliance to help our community,
 - The City would like to encourage and remind citizens of the Service Line Warranties of America policy available through HomeServe. This very low-cost warranty can help provide financial assistance when fixing sewer laterals and even the waterline to your home. More information about this policy is available at City Hall or <https://www.slwofa.com/>.
- I would like to thank our Project Manager Madelyn Orton and our Planning Technician Isaac Pool-Vazquez for their excellent service at the City of Tillamook! They are moving back to Kansas and will be sorely missed. They have both made huge contributions to our community and City.
 - We have several positions available at the City of Tillamook including Public Works Technicians, Planning Technician, Public Works Streets Division Supervisor, and look forward to the Police Chief and Project Manager/Engineer position being posted in the near future. Please visit our website or stop by City Hall for an application.
 - A reminder that if you see something, say something by calling 911 for emergencies or Dispatch for non-emergencies.
 - The next Regular Council Meeting will be held on Monday, May 6, 2024, at 7 PM. We encourage everyone interested in your local government to attend virtually or in person.
