Planning Commission Comments on Draft TSP

The City of Tillamook Planning Commission reviewed a draft of the Tillamook TSP Update and provided comments on January 3, 2019. The Planning Commission raised a few requested revisions to be implemented in the final draft of the TSP:

- The Commission requested that the Tillamook County Transit District Development Plan be added to the description under TSP Policy 1-1.
- The Commission requested that Projects R-8 and R-10 be removed from the final TSP update.
- The Commission also requested that the project team assess potential sidewalk gaps on 5th Street, and to include recommendations to improve any gaps as part of the TSP update.
- The Commission also discussed the potential for future transit needs and for potential needs to respond to additional growth in the City. No changes were made to the TSP based on this discussion.

These changes were made as described above.
