Flag Program

The Tillamook Rotary Club was founded on June 30, 1989. We are an active club that supports many worthy causes, many of them for children. Some of these great groups and activities include:

Every 15 Minutes, THS Vocal Ensemble, Speech Club, Athletics and Charity Drive, Outdoor School, Kilchis Point, Habitat for Humanity, "Senior Prom", Youth Exchange, Three Capes Relay, County Wide Scholarships, Foster Kids Back Packs, Casino Night, International Service Trips.

One of our major fundraisers is this Flag Program. This program is set up so that a business can purchase a Flag that is mounted to a pole that is placed in front of their business during the following listed dates.

January – MLK B-Day
February – Presidents Day
May – Memorial Day
June – Flag Day
July – Independence Day
September – Labor Day
September – 9/11 Patriot Day
November – Veteran's Day

The flag is placed at the business in the morning and is removed after the work day. This is a wonderful service provided to you at a very reasonable price. The club's goal is to have flags lining the streets enhancing the look of Tillamook and displaying our patriotism as well.

Support your local Rotary Club by purchasing an American Flag to be proudly displayed in front of your business.
