

MEMO

TO: Sewer Rehabilitation Project Construction Administration/Construction Engineering
FROM: Liane Welch, P.E., City Engineer
RE: **Addendum 1 to RFP**
DATE: January 14, 2020

The following changes, additions, answers to questions, and deletions to the Request for Proposals for the Sewer Rehabilitation Project Construction Administration/Construction Engineering. The original Request for Proposals remain in full force, except as specifically modified by this Addendum.

1. Will OTAK be conflicted out since they performed the design on the project.
Answer: OTAK is able to compete on this Request for Proposals.
2. Does the insurance certificate sample count within the 12-page limit, or can that be included in the Appendix instead?
Answer: The insurance certificate will not be counted in the 12-page limit, and can be included in the Appendix.
3. What is the Engineer's estimate?
Answer: The engineers estimate for the Construction Administration/Construction Engineering is \$295,000.00. The engineers estimate for the construction contract will be \$1,970,000.00.
